- Show how your Harvest of the Month, Farm to School or nutrition education initiatives are fostering healthier habits for students.
- Film a principal talking about how school meals are an important part of the school day.
- Ask a student about trying a new fruit or vegetable for the first time at school.
- Film a student talking about what school meals mean to them.
- Ask a teacher to discuss how your school breakfast program is keeping students more alert in class.
- Interview your student advisory team on why they are involved in the school meal program.
