

# Child Nutrition Programs:

## South Dakota

Administered by the US Department of Agriculture (USDA), the School Breakfast Program (SBP) and National School Lunch Program (NSLP) ensure America's students have access to the nutrition they need to succeed. Nationally, 14.6 million students benefit from a healthy school breakfast and 30 million enjoy school lunch each day. Federal standards ensure these meals offer fruits, vegetables, whole grains, lean protein and fat free or low fat milk, and meet limits on calories, unhealthy fats and sodium. Children qualify for free or reduced price meals based on household income. Participating schools receive cash reimbursements for each meal served and USDA Foods (commodities) support. See how South Dakota students benefit from these programs:

### 2017 South Dakota Nutrition Programs

<b>Lunches Served Annually:</b>	<b>17,112,714</b>
<b>Students Served Daily:</b>	<b>107,371</b>

<b>Breakfast Served Annually:</b>	<b>4,797,160</b>
<b>Students Served Daily:</b>	<b>29,654</b>

<b>South Dakota SNA Members:</b>	<b>523</b>

**SCHOOL  
NUTRITION  
ASSOCIATION**

The School Nutrition Association (SNA), representing 58,000 professionals who work on the frontlines in school nutrition programs, urges Congress and the Administration to protect students by strengthening the federal government's commitment to these programs.

## Large Commodities from your State:

# NOTES:

A large rectangular area with a light beige background, framed by a dark green border. It contains 20 horizontal blue lines, with a red margin line on the left side, providing space for handwritten notes.
