

# LAC 2021 FAQs

## Why is LAC 2021 being moved to a virtual format?

While we would prefer to see everyone in person, given the current uncertainty in when vaccines for COVID-19 will be made widely available, we made the difficult decision to move LAC to a virtual format for 2021 to ensure everyone's safety. Even though the event is virtual, you can count on valuable legislative and advocacy updates, as well as high-quality sessions and speakers.

Since Congressional offices currently are not hosting in-person meetings, we realized that traveling to Washington, D.C. was not as imperative. We will provide instructions on how to contact your elected representatives for a virtual meeting.

With the reduced registration rates for this year, we hope even more school nutrition professionals will be able to take advantage of one of SNA's most popular conferences.

## What dates will LAC 2021 be held?

The dates for LAC 2021 have shifted slightly to Monday, March 8 through Wednesday, March 10 . Given the new virtual format, we did not want to interfere with anyone's weekend time.

## When will registration open?

Registration opens on Monday, December 14.

## What does registration cost and what does it include?

Information on registration can be found on the [Registration page](#).

## What can I expect from LAC 2021?
