Recognition of Reviewers

The hallmark of a research journal is that manuscripts are peer reviewed. This peer review helps ensure that manuscripts are methodologically sound and that the research results are pertinent and applicable to practitioners in child nutrition programs. Peer review is a time-consuming process; thus, we would like to extend our sincere appreciation to the following professionals who reviewed manuscripts for the 2004 issues of *The Journal of Child Nutrition & Management*.

Marianne Borja
Denise Brown
Amy Casteel
Jerry Cater
Bonnie Gerald
Joan Giampaoli
Rebecca Gould
Jill Kidd
Laurel Lambert
Mary Ann Lopez
Lucy McProud
Mary Kay Meyer
Mary Etta Moorachian
Joan Nachmani
Alice Jo Rainville
