SUBJECT: February 2026 Membership, Certificate & Credentialing Program Report
DATE: March 5, 2026

Membership Overview

The February Membership Report shows that we have 45,365 members, which is 445 more than January 2026, but 3,146 less than February 2025 and 2,187 less than May 2025 year-end total. Membership trends are mostly following seasonal patterns but the larger than normal decrease in members is attributed to larger SDMs reducing the size of their rosters due to budget constraints.

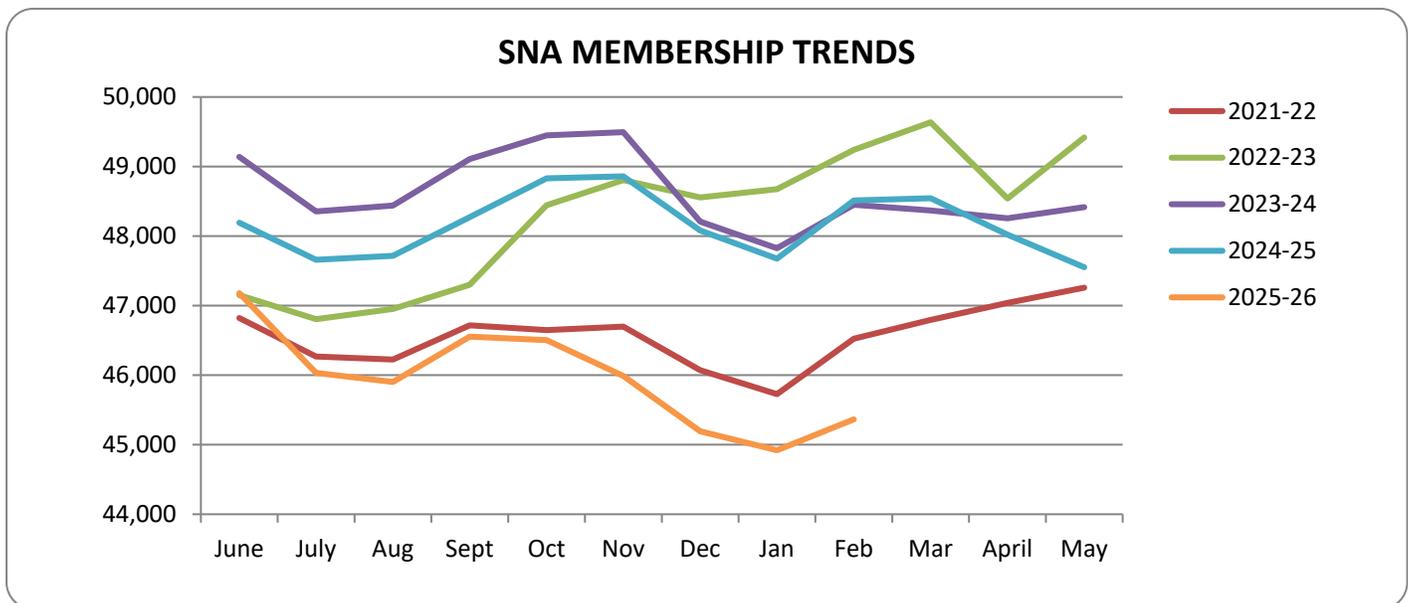

All seven regions are showing declines compared to last year with the Southwest showing the largest decrease.

Misc.	323	356	-33	-9%
Total	45,365	48,511	-3,146	-6.5%

Since May 2025 year-end, the combined director categories are showing a relatively small decrease. The biggest decreases in membership are in the Employee category which is down 1,698 members.

Membership Trends

Membership numbers generally decline during the summer vacation months and the winter and then bounce back in the fall and spring. Membership numbers decreased significantly during the COVID-19 pandemic and overall membership numbers are below 2009 recession levels.

NOTES: 1) There are a few reasons why the number of expired members does not always equal the number of new and reinstated members minus the difference (+/-) in members. Most are related to SDM such as transfers and aligning renewal dates. Other reasons include an active member moving to a different state. Grace members are included in the total number of members. 2) Miscellaneous members includes industry members and international members. 3)* CNMI is the Commonwealth of the Northern Mariana Islands.
