Misc.	470	305	165	-
Total	43,244	45,902	-2,658	-5.8%

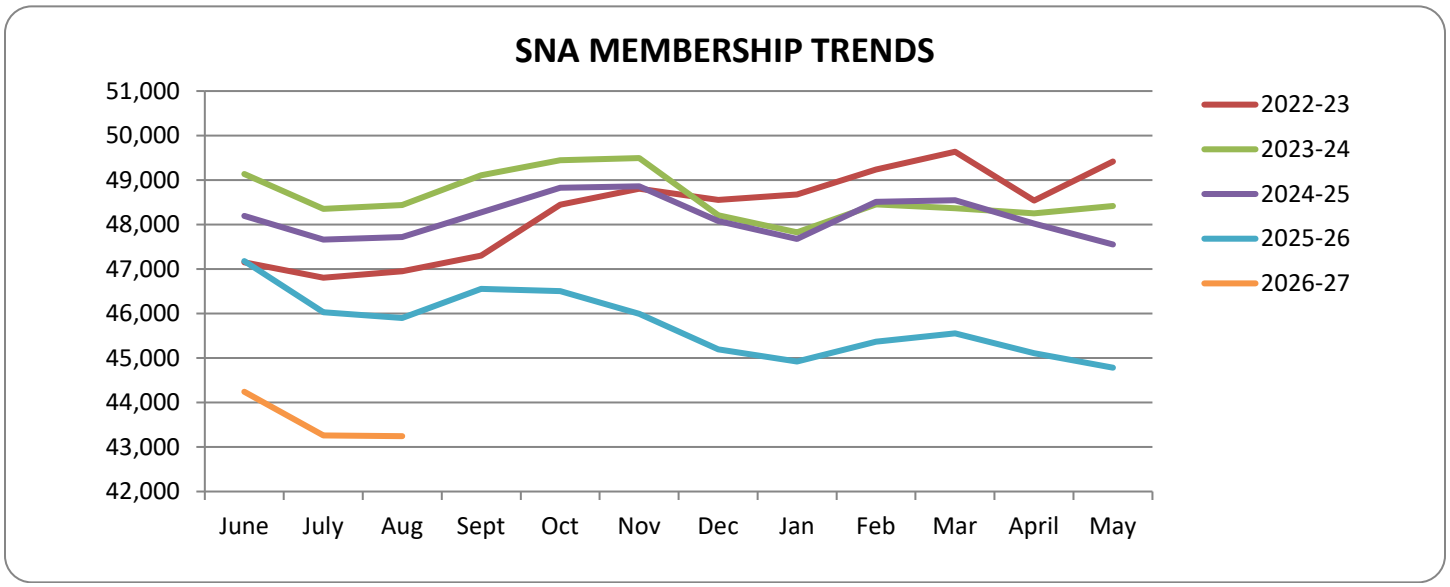

The August Membership Report shows that we have 43,244 which is 15 less than July 2026, 2,658 less than August 2025 and 1,539 less than the May 2026 year-end total. Membership trends are mostly following seasonal patterns but the larger than normal decrease in members is attributed to larger SDMs reducing the size of their rosters due to budget constraints.

With the exception of the Mid-Atlantic, all regions are showing declines compared to last year. The Southwest is showing the largest decrease in both number and percentage.

Since May 2026 year-end, the combined director categories are showing a very small decrease. Most of the decrease in membership is confined to the Employee and Manager categories, which are down 957 and 408 members respectively.

Membership Trends

Membership numbers generally decline during the summer vacation months and the winter and then bounce back in the fall and spring. Membership numbers decreased significantly during the COVID-19 pandemic and after some recovery they are now again below the pandemic dip.

NOTES: 1) There are a few reasons why the number of expired members does not always equal the number of new and reinstated members minus the difference (+/-) in members. Most are related to SDM such as transfers and aligning renewal dates. Other reasons include an active member moving to a different state. Grace members are included in the total number of members. 2) Miscellaneous members includes industry members and international members. 3)* CNMI is the Commonwealth of the Northern Mariana Islands.
